Dear San Luis Obispo Bike Club: 19 Dec 2007

Thank you very much for your recent generosity in being a valued member to Pacific Wildlife Care! We are all dedicated to the rescue, rehabilitation, and release of wildlife in San Luis Obispo County, and your contributions are immensely helpful to us at this time.

We have already experienced great success with many of the animals we care for. Currently, our goal is to be able to care for animals at a higher level and respond more quickly; making the difference at times, between life and death. Our center is one of the most important steps to that goal, along with the expertise and dedication of our volunteers. With your help, we can continue to move forward. Please accept our sincerest thanks and best wishes.

Your contribution of Pedialyte, towels, laundry detergent, and other valuable items will be put to very good use in the endeavor of aiding the animal F in our care!

Thank you for help' us to give wildlife a second chance!

Kind Regards,

Dani Nicholson, President

Dear Mr. Mullin,

I would like to personally thank you for your contribution of \$300. I appreciate your support of the Sheriff's Department Annual Christmas Bicycle Program. Your gift will help us make this Christmas season extra special for needy children by providing them with a new helmet along with their refurbished bicycle.

My heartfelt thanks and wishes to you for a very happy holiday season.

Sincerely, Patrick Hedge

Sheriff-Coroner

Be a Ham, Help SLOBC

We are in need of Club members who would like to learn about Ham Radio operation and help out on our Century rides. At present, we are in need of Club members who can learn to be licensed Ham operators to assist the SLOECC members in communications.

Milt Davis conducts classes and has agreed to assist in our effort to obtain more operators. Morse code knowledge is no longer required, only passing an examination online.

If you are interested, contact Bruce Collier at 543-9514, Red Davis at 772-0874 or Milt Davis at 474-1543.
